Subject:- Re the construction of an Ediga on a portion of S.No.679 of Harohally village, Kankanhalli Taluk.

SIR,

In forwarding herewith the records relating to the above - received with the Bangalore Deputy Commissioner's letter No.B2 Dar 147/30-31 dated the 4th April 1931 I have the honor to state that the Mohomedans of Harohalli village have prayed for permission to construct an Ediga on one gunta of S.No.679 of the village. The land forms part of the village tank-bed. The Assistant Engineer of Chennapatna Sub Division is of opinion that there is no danger of the selected site being water logged as it is higher than the waste weir level of the tank. The S.No. is a kharab land used as a cattle stand during the Sri Chamundeswari Rathotsavam at the place. The Mohomedans have executed a mutchalika agreeing to allow cattle to stand on the land during the Rathothasam even after the Ediga is constructed. The Hindu residents of the village have no objection to the prayer of the Mohomedans being granted. The Deputy Commissioner has recommended that permission may be granted. As the Ediga only marks the place whereat congregational worship will be made twice or thrice a year and no inconvenience is caused to any by constructing an Ediga on the site applied for, I recues that the sanction of Government may be kindly obtained thereto.

I have the honor to be,
Sir,
Your most obedient servant,

S P Rajagopal

Muzrai Commissioner
